

The lifeguard is not alone.

WHO PULSES IS, WHAT THIS IS, HOW IT WORKS

Pulses.ai is a UAE-born Physical Intelligence company: AI that understands your physical world.

For hotels and clubs: one lifeguard, a whole pool.

SEE

Pulses Vision Pro
beside the pool

UNDERSTAND

A child alone or a mood drop
drop, understood

ACT

An alert reaches the
lifeguard on duty

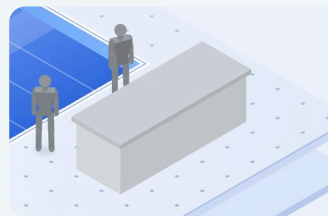

THE TWO MOMENTS

Two moments, one chair.

At the water's edge.

A child alone at the water's edge raises an alarm. It reaches the lifeguard on duty, who decides what to do.

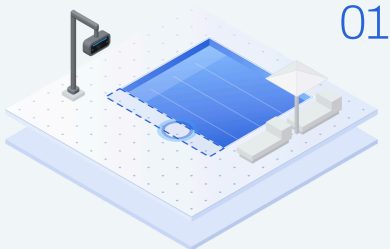

In one zone.

A sudden mood drop in one zone is flagged to the duty manager as an incident, before a complaint.

HOW IT WORKS

From the edge to the lifeguard.

01

Beside the pool

A Pulses Vision Pro on its pole, at the pool area's edge. All processing happens on the device; only anonymous metadata leaves.

02

A child alone, a mood drop

A child alone at the water's edge, or a sudden mood drop in one zone. Mood is read per zone and hour, with no surveys.

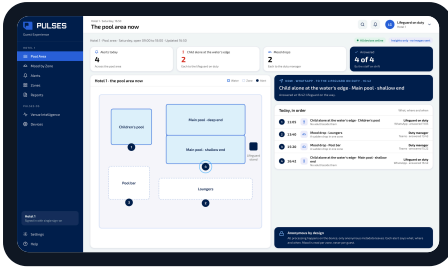

03

The lifeguard on duty hears

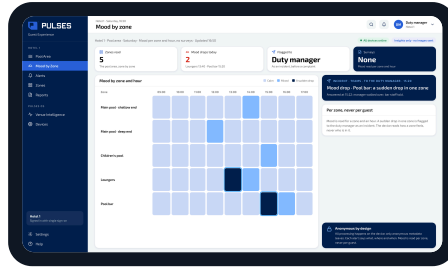

The alarm reaches the lifeguard on duty; a mood drop, the duty manager. Alerts land on WhatsApp, Teams, SMS or email.

THE PRODUCT ON SCREEN

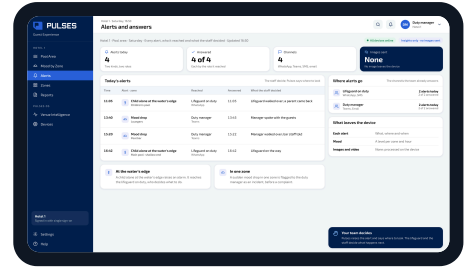

The pool area now

The zones on one plan, and today's alerts in order. Each alert says what, where and when.

Mood by zone

Mood is read per zone and hour, with no surveys. Per zone, never per guest.

Alerts and answers

Every alert, who it reached and what the staff decided. Alerts land on WhatsApp, Teams, SMS or email.

THE STAFF DECIDE

Your team decides.

The alert says what, where and when; the lifeguard and the staff decide what happens next.

Privacy.

All processing happens on the device; only anonymous metadata leaves. No image leaves the device.

PROOF

150 million+ journeys counted across Pules deployments

Anonymous platform total
